

Spinning On an Axis

Paul McCartney

World spinning round
To the next revolution
Sun going down
Gonna rise up again I watch the sun go down with some sorrow
And now I know it's gonna come back tomorrow
Ain't no reason, it has to do that
It's the season of the culture bat Spinning on an axis
Spinning on an axis
Staring in the face of time and space
Spinning on an axis World spinning round
To the next revolution
Sun going down
Gonna rise up again World spinning round
To the next revolution
Sun going down
Gonna rise up again Hear me rising
Rise up and sing
Rise up
Rise up Although I'm curious it isn't a crime
I want to know if I'll find out in time
A lot of people busy doing their thing
Gonna wake up and sing Spinning on an axis
Spinning on an axis
We ask the question and the answer's, "Yes"
Spinning on an axis Yeah, yeah, yeah I watch the sun go down with some sorrow
Now I know it's gonna come back tomorrow
Ain't no reason why I have to do that
It's the season of the culture bat I watch the sun go down
Wonder if it's gonna come back
Certainly there's no guarantee
But I got a feeling it will be Spinning on an axis
Spinning on an axis
Spinning on, spinning on an axis
Spinning on an axis
Spinning on an axis, yeah World spinning round
To the next revolution
Sun going down
Gonna rise up again World spinning round
To the next revolution

Sun going down
Gonna rise upGonna rise up
Gonna rise up
Gonna rise up
Gonna rise up againWorld spinning round
To the next revolution
