I'll Follow You

Colors

If I can find insurance
To leave you behind
I know my better would fade
And all my doubts
Is a staircase for you
Opened out on displays
The first step is the one you believe in
The second one might be profound

I'll follow you down
To the eye of the storm
Don't worry I'll keep you warm
I'll follow you down
While we are passing through space
I don't care if we fall from grace
I'll follow you down

You can have the money and the world
The angels and the pearls
Even trade my heart for color blue

Just like the tower we never built
And the shadow of all the guilt
When the other hand was pointing at you

Yet the first step is the one you believe in
The second one might be profound

I'll follow you down
To the eye of the storm
Don't worry I'll keep you warm
I'll follow you down
While we are passing through space
I don't care if we fall from grace
I'll follow you down
To where forever lies
Without a doubt I'm on your side
There is no where else I'd rather be
I'm not about to compromise
Give you up to say goodbye

I've got you through the deep
I'll keep you close to me

I'll follow you down
To the eye of the storm
Don't worry I'll keep you warm
I'll follow you down
While we are passing through space
I don't care if we fall from grace
I'll follow you

If I can find insurance
To leave you behind
I know my better would fade
I'll follow you down
