Change the World

Triple Entray

Seems like the whole city love violent crime where you from dog I'm from Anaheim people get selfish and they don't wanna see you shine how you going hate on a father that's on his grind he's got a son at home so you know he's got to provide stressed out lately sometimes I just wanna die overdose of some pills from the kitchen suicide nathans playing on my phone I look into his eyes no other option puts a motherfucking hustle swear to god above us we gon make it out the struggle Niggas talking way to much they stuck inside the jungle burying themselves with their very own shovels we should learn to work together forever stay humble make this world a better place instead of all this trouble bitches getting cold or 2 and they don't want to cuddle they just want a man who got dinero in they muscle watch it who you fucking with who you tell your secrets too least is all you need is someone taking advantage of you you deserve better ma nigga we should work together watch the way I prize make this change for the better speaking from the heart I don't mean to seem sarcastic San Bernardino last month that shit was tragic 14 people died how the hell is that fantastic you killed someone's baby you motherfucking bastards

(This worlds never gonna change, unless we change ourselves nigga they all love to see your pain, it's time to make a change nigga this world is never gonna change, unless we change ourselves nigga time to make a change nigga do it for your fan nigga.)

Lil babies dropping daily it's a cold world sick fathers be touching, raping they lil girls hope that karma comes for you watch it all over you don't deserve to be alive and live inside this world and fuck you if you feel any type of simpathy don't get me wrong I do believe in spreading positivity don't call yourself a dad unless you know responsibility niggas that using they heads I guess they need a guilatin 2 body's 4 body's 6 body's down everybody's dying living know is not allowed if a rich fuck lose a crown shit they finna break down visit your old town like "HELLO" prrrrt prrrrt 50 grounds if a brown man lose a crown everybody put us down but you already know we always go another round if a black dude lose a crown nigga start busting them rounds only cause these crooked cops will probably gun you down RICE HEADS, MONKEYS, WETBACKS zoo full of minority's say it's legal to kill when your glocks got authority ight fuck it I got the enforcement supporting me terminate the whole block long as nobody is recording me turn into a cop and pop of my enemies say they was a threat when they booked my ass and they sentence me walk away the court room with not even a felony you're a hero now and that little boy is just a memory like....

This worlds never gonna change, unless we change ourselves nigga they all love to see your pain, it's time to make a change nigga this world is never gonna change, unless we change ourselves nigga time to make a change nigga do it for your fan nigga.
