

Make Something Beautiful

Ben Rector

Advisory - the following lyrics contain explicit language:

Please let me make something beautiful
The thing that reminds us there's good in the world
The thing that reminds us there's still something out there worth fighting for
Cuz it feels like the world has gone crazy
Spinning faster and cheaper than ever before
And it feels like there's nobody giving a damn, that it's getting worse
oohhhh ohhhh ohhhh
Let it be something wonderful.
oohhhh ohhhh ohhhh
Let it be something beautiful.
Please let me make something beautiful
The thing that reminds us there's good in the world.
