Future Mister Me

Randy Travis

(Randy Travis/John Lindley)
I didn't come in here to fight
I didn't come to ruin your night
I came to see the future mister me
I didn't come to mess things up
I only want to wish you luck
And shake the hand of the future mister me
I only want a chance
To see the man who'll be the man to please my baby
The one who'll lay beside you
And hold you just the way I used to do
I wanna know you're happy

And I wanna know he treats you like a lady
And if I can see you're in good hands
Maybe I can make it without you
You look so happy by his side
And I'm sure you'll make a lovely bride
And he loves you, any fool can plainly see
The pain is just too much for me
So I'll just leave and let you be
All alone with the future mister me
You'll be alone here with the future mister me
