

Caledonia

Celtic Thunder

I donâ€™t know if you can see, the changes that have come over me
In these last few days, Iâ€™ve been afraid, that I might drift away
Iâ€™ve been tellinâ€™ old stories, singing songs
That made me think, about where Iâ€™ve come from
And thatâ€™s the reason why I seem so far away today.

CHORUS

Let me tell you that I love you
And I think about you all the time
Caledonia youâ€™re calling me, now Iâ€™m goinâ€™ home
But if I should become a stranger
Know that it would make me more than sad
Caledoniaâ€™s been everything Iâ€™ve ever had.
I have moved, and Iâ€™ve kept on movinâ€™
Proved the points that I needed provinâ€™
I Lost the friends that I needed losinâ€™
Found others on the way
Iâ€™ve kissed the girls and left them crying
Stolen dreams, yes thereâ€™s no denying
I â€™ve traveled hard sometimes with conscience flyinâ€™
Somewhere in the wind

CHORUS

Let me tell you that I love you
And I think about you all the time
Caledonia youâ€™re calling me, now Iâ€™m goinâ€™ home
But if I should become a stranger
Know that it would make me more than sad
Caledoniaâ€™s been everything Iâ€™ve ever had.

CHORUS

Let me tell you that I love you
And I think about you all the time
Caledonia youâ€™re calling me, now Iâ€™m goinâ€™ home
But if I should become a stranger
Know that it would make me more than sad
Caledoniaâ€™s been everything Iâ€™ve ever had.
