

# This Town

## Nashville Cast

Hold on until the feelin' is so strong  
Until the ground that you walk on  
Is where you stand.  
This dream, it heals and it haunts me  
It's tempted and taught me who I am This town ain't yours  
And this town ain't mine.  
We all come here with a light in our eyes  
Some will burn out.  
Some will burn bright.  
Some learn to fly.  
Some will run for their lives.  
In this town.  
In this town. Strangers, we're nothin' but strangers  
When our heart's in danger  
For the song we sing.  
I've seen the devil inside me  
But I won't let him guide me  
Or take my wings This town ain't yours  
And this town ain't mine.  
We all come here with a light in our eyes  
Some will burn out. (Some will burn out.)  
Some will burn bright. (Some will burn bright.)  
Some learn to fly.  
Some will run for their lives.  
In this town  
In this town
