

Days

Late Night Alumni

If I were poetry
(I'm sure that you'd misread me)
My heart wrapped up in my sleeve
(it wouldn't come easily seen)
One day goes by
(You might have crossed my mind)
Two days go by
(Out of sight still in mind){Chorus}
I sigh another sigh over the things you do
You almost harmonize
Maybe you'll pull through.
I always fantasize that you've been untrue.
You sigh another sigh
I'll never say adieuIf I were a melody
(I'm sure you'd sing me off key).
Pretend I'm a parody
(As if it comes easily seen)
Three days go by
(They hit me like sunset skies)
Four days go by
(The pearly whites of your eyes){Chorus}One day goes by
Two days go by
Three days go by
Four days go by{Chorus}One day
Two days
Three days
Four days
