

Ground (Live At Metro, Sydney 19/20 March 1998)

The Superjesus

Sliding forever
Temptations run
I'm wondering whether
I have yet begun
Before dawning
Ground my feet You say that I can only be
All you make me
Before dawning
Ground my feet Your thunder's coming down and I can hardly hear
They'll strike you to the ground with all you held so near
Before the dawning comes, the darkness hides your face
You'll find your way and then you're lost without a trace
