# So Black & Blue

## Waldeck

Why do I feel so black and blue
When all I did was loving you
Why on earth can't stand the pain
Why did you do that thing againWhy do I feel so black and blue
When all I did was loving you
Why on earth can't stand the pain
Why did you do that thing againWhy do I feel so black and blue
When all I did was loving you
Why on earth can't stand the pain
Why did you do that thing again
