

Destination Moon (2003 Remastered Version)

Dinah Washington

Come and take a trip in my rocket ship
We'll have a lovely afternoon
Kiss the world goodbye and away we fly
Destination moon Travel fast as light 'til we're lost from sight
The earth is like a toy balloon
What a thrill you get ridin' on a jet
Destination moon We'll go up, up, up, up
Straight to the moon we two
High in the starry blue
I'll be out of this world with you So away we steal in a space mobile
A supersonic honeymoon
Leave your cares below
Pull the switch, let's go
Destination moon Destination moon
Destination moon There once was a time when the colorful thing to do
Was to call for a date on a bicycle built for two
But cars and trains and even planes all have had their day
Now the time is due to call for you in the modern atomic way We'll go up, up, up, up
Straight to the moon we two
High in the starry blue
I'll be out of this world with you So away we steal in a space mobile
A supersonic honeymoon
Leave your cares below
Pull the switch, let's go
Destination moon
