## Nicki Bluhm and The Gramblers

When the dream starts to settle  
And the minds begin to howl  
And the rain comes a roarin'  
Over the ridge a stack of clouds  
I wanted some alone time  
To get a hold of my mind.  
All I needed to see  
I'm not as happy when  
You're not with me  
Chorus:  
More than ever I wanna have you near  
Every day and through the years  
I don't need nothin' but you  
I don't need nothin' but you  
In the heat of the moment  
Things can get callous and cold  
But we're searching for the same thing  
We ain't gonna settle on fools gold.  
I would walk a path of coals  
I would swing across the spa  
I would stand up when you're down  
to have you always here with me  
Chorus:  
More than ever I wanna see you smile  
Wander through the streets for miles  
I don't need nothin' but you  
I don't need nothin' but you  
I tried to stick it on my own  
Ain't everybody's life just their own?  
But then you came back to me  
Chorus:  
More than ever I wanna have you near  
Every day and through the years  
I don't need nothin' but you  
I don't need nothin' but you
