On The Way Home (Original Mix)

Fellini FÃ©lin

Lonely on the way home
Thinking I'm still a dumb
My mind, my thought, always for you (x2)

By my side
You and I
Cherish and kiss
(just) spread your lips (x2)

Lonely on the way home
Thinking I'm still a dumb
My mind, my thought, always for you (x2)

By my side
You and I
Cherish and kiss
(just) spread your lips (x2)

I need to put some grains in your flower
I want to put my grains in your flower (x2)

It's your electric skin (x10)
It's your electric skin electric skin electric skin (x4)

I need to put some grains in your flower
I want to put my grains in your flower (x2)

By my side
You and I
Cherish and kiss
(just) spread your lips (x4)

Lonely on the way home
Thinking I'm still a dumb
My mind, my thought, always for you (x2)
