

# I Made This Road (feat. Jimmy Burney)

## Big Smo

With both feet on the ground  
One step at a time  
My aim is on point  
And I'm goin' for mine  
Spittin' hit after hit  
Drop 'em every season  
Change the game as we know it  
Now they all wanna be him  
I'm not standin' for nothin'  
I wouldn't fight to the death  
Your words are garbage  
Makes me wish I was deaf  
I live it line for line  
Every rhyme for rhyme  
The top was wide open  
So I made it all mine  
Take a shot at the boss  
Your career is a loss  
Hell a billion dollar budget  
Couldn't fix what you brought  
So take it back to the start  
And look deep in your heart  
Y'all don't have what it takes  
To make a place on the charts  
Been through the struggle  
Paid dues with my life  
Cards on the table  
It's my game  
So you better fold  
I made this road  
My blood, sweat, and tears  
Pouring like burning liquor  
I'm on that new shit  
And you'll always be on the old  
I paved this road  
I made this road  
No genre can hold  
This sound in my soul  
See what I've become  
Is more precious than gold  
The valves unknown

'Cause it's never been done  
But I know that it's hot  
It shine bright as the sun  
I been there and won  
Most things that you dream  
Crossed over crossovers  
And shit on mainstream  
I fight for a team  
Whose struggle is real  
The future was uncertain  
As a 360 deal  
We delivered the proof  
And paved our own lane  
We took what was ours  
And gave up the fame  
We planted a name  
And built it to grow  
We call it the future  
You know it as SmoBeen through the struggle  
Yeah I fought with my life  
Cards on the table  
I've played them just right
