Ice Cream Truck

E.F.R.O.

Feels like I'm losing my mind
Love is so hard to find
You led me on to believe, you belong to me
oohh ooohh
I'm going trough difficult times
I always thought you were mine
Love doesn't feel like this, this is my final wish
The next time your truck rolls by
No matter how hard I cry
Please don't stop in front of me
Cause your loves no longer sweet
The next time I bring you change
Baby please pull back ya hand
You know your not what I need
Let me go, let me do B
(2x) You've got me chasing after you like a ice cream truck, I try my luck and catch up, but it's always out of luck

Faster and faster I ran
You sped up and then
Just as I thought I've caught up
I'm chasing you again
Finally,
You stopped and I jumped on
I realized your flavor was wrong
You thought I was still holding on
It's good to know your gone
The next time your truck rolls by
No matter how hard I cry
Please don't stop in front of me
Cause your love's no longer sweet
The next time I bring you change
Baby please pull back ya hand
You know your not what I need
Let me go, Let me do B
(2x) You've got me chasing after you like a ice cream truck, I try my luck and catch up, but it's always out of luck.
