

Will You Be Mine

Ruff Endz

Baby love, I think it's time now
To share with you these feelings that I'm feeling now
It's been three years since I've known you
Nothing but happiness since I've found you
It's been a long time coming still going strong
Through good and bad we've been holding on
Within my soul it's been overdue
'Cause my heart's been longing to ask you
Will you be mine on this day?
Will you be the sunshine in May?
Will you be the stars in my nights?
Will you be the joy, the joy in my life?
Will you be my everything?
Will you be the happy song I sing?
Will you be the love I cant deny?
Will you be the love, the love of all time?
Will you be mine?
When I think about how it all began
I was looking for fun but somehow we became good friends
We couldn't see this fate that lied ahead
Or that we would ever bond like we did
I praise the day my fate was revealed
Now I know that destiny is real
Is it a sin for love to feel this good
I don't know but I'm asking you
Will you be mine on this day?
Will you be the sunshine in May?
Will you be the stars in my nights?
Will you be the joy, the joy in my life?
Will you be my everything?
Will you be the happy song I sing?
Will you be the love I cant deny?
Will you be the love, the love of all time?
Will you be mine?
I'm down on my knees to vow to you
My everlasting love because it's overdue
For all the times we shared and those to come
This ring is a token of love with you
Will you be mine on this day?
Will you be the sunshine in May?
Will you be the stars in my nights?
Will you be the joy, the joy in my life?
Will you be my everything?
Will you be the happy song I sing?
Will you be the love I cant deny?
Will you be the love, the love of all time?
Will you be mine?
