

Backstabber (Demo)

Jonezetta

You're sorry, you said it yourself and we believe you
(No we really do)
And now no one is going to save you now
Is going to save you now, is going to save you now
(I say no one)
Is going to save you now Backstabber! Backstabber! Backstabber!
(When you're in disguise)
Backstabber! Backstabber! Backstabber! Now you're laughing 'cause they laugh at you
Then you scream out to all the empty pews
And now no one is going to save you now
Is going to save you now, is going to save you now
I say no one is going to save you now Backstabber! Backstabber! Backstabber!
(When you're in disguise)
Backstabber! Backstabber! Backstabber! Now go and pray to your God inside
And if you never knew, little boy, it's you
You can't use me, you won't use me
Now sing this boy Backstabber! Backstabber! Backstabber!
(When you're in disguise)
Backstabber! Backstabber! Backstabber!
(When you're in disguise) Backstabber! Backstabber! Backstabber!
(One too many times)
Backstabber! Backstabber! Backstabber!
(When you're in disguise) Backstabber! Backstabber! Backstabber!
(When you're in disguise)
Backstabber! Backstabber! Backstabber!
