

Sunburned Country

Olivia Newton-john

I carry her with me
I carry her pride
Whenever I speak her name
My soul it comes alive
She taught me to be strong
She taught me to fight
And I am who I am today
Because she raised me right
In a sunburned country
Her magic and her mystery
In a sunburned country
Forever will be home to me
Oh, that's where my heart is truly free
The creeks and the rivers
The dust and the mud
All of us understand
This land gets in your blood
The sight of the blue gums
And black cockatoos
White snow Kosciusko

Red rock Uluru
In a sunburned country
Her magic and her mystery
In a sunburned country
Forever will be home to me
Oh, that's where my heart is truly free
We've always been humble
Too scared to be proud
I think its time that we all stand and say
We love our home out loud
In a sunburned country
Her magic and her mystery
In a sunburned country
Forever will be home to me
Oh, that's where my heart is truly free
I love all the people
I love all the sounds
Sleeping under a tin roof

With a hard rain coming down
