

Wifi Wifey

Nick Bean

Do you double tap like me?
When I'm on the road, you can Skype me
I'll follow if you follow me back,
You're my Wifi Wifey
I know your parents don't like me
And your ex wanna fight me
You can hit me up on Snapchat
You're my Wifi Wifey

What's up, lil' mama, what's good?
Follow me back, yeah I really wish you would
Nick Bean coming straight to yo' neighborhood
You know I stay fly like a player really should
Oh no.

Girl, if you Snap me, I'm a' Snap back
And I stay up on your mind like a Snapback
Anything you want, you can have that
Body on fleek, girl you know that I love that

I'm saving money like Geico,
And babygirl got me dancing like Michael
Pockets getting fat, yeah they need Lipo
Really tryna duck, oh no girl, typo

Do you double tap like me?
When I'm on the road, you can Skype me
I'll follow if you follow me back,
You're my Wifi Wifey
I know your parents don't like me, and your ex wanna fight me
You can hit me up on Snapchat,
You're my Wifi Wifey

Girl keep it on the low, don't nobody gotta know
You can hit me on Twitter, or hit me on my phone
I see you got your nails done. I see you got your hair did
I wanna grow old with ya' and have some grandkids

I'm saving money like Geico, and babygirl got me dancing like Michael
Pockets getting fat, yeah they need Lipo,

Really tryna duck, oh no girl, typo

Do you double tap like me?
When I'm on the road, you can Skype me
I'll follow if you follow me back
You're my Wifi Wifey
I know your parents don't like me and your ex wanna fight me
You can hit me up on Snapchat
You're my Wifi Wifey

I need a wifi chick, give me a wifi chick
One that's gonna hit me up, one that's gonna like my pics
She got the wifi code, give me a wifi chick
One that's gonna hit me up, one that's gonna like my pics

Do you double tap like me?
When I'm on the road, you can Skype me
I'll follow if you follow me back,
You're my Wifi Wifey
I know your parents don't like me
And your ex wanna fight me
You can hit me up on Snapchat
You're my Wifi Wifey
