

# Get the Girl

## The Bangles

When I saw you, every single part of me said  
Yeah, yeah, yeah  
My eyes wanted, my lips wanted to, you know  
Lose control No matter, matter what, you're gonna, gonna get the girl  
I really wanna, gotta, gotta get the girl I can tell you  
Got the kind of magic, the stuff  
Show me love  
(Love love love) Wherever you go  
There you are  
There you are  
(There you are)  
A superstar No matter, matter what  
You're gonna, gonna get the girl  
(Wanna be your girl, I wanna be your girl)  
No matter, matter what  
You're gonna, gonna get the girl  
(Wanna be your girl, I wanna be your girl) I really wanna, gonna, gonna get the girl  
I really wanna, you're gonna, gonna get the girl  
I really wanna, you're gonna, gonna get the girl No matter, matter what, you're gonna, gonna get the girl  
(Wanna be your girl, I wanna be your girl)  
I really wanna you've gotta, gotta get the girl  
(Gotta be your girl, I wanna be your girl) No matter, matter what, you're gonna, gonna get the girl  
(A superstar, is what you are)  
(Wanna be your girl, I wanna be your girl)  
I really wanna you've gotta, gotta get the girl  
(A superstar, is what you are)  
(Gotta be your girl, I wanna be your girl) A superstar, is what you are  
(Wanna be your girl, I wanna be your girl)  
A superstar, is what you are  
(Wanna be your girl, I wanna be your girl) A superstar, is what you are  
(Wanna be your girl, I wanna be your girl)  
A superstar, is what you are
