

She

Green Day

She, she screams in silence
A sullen riot penetrating through her mind
Waiting for a sign to smash
The silence with the brick of self-control Are you locked up in a world
That's been planned out for you
Are you feeling like a social tool without a useScream at me until my ears bleed
I'm taking heed just for youShe, she's figured out all her doubts
Were someone else's point of view
Waking up this time to smash
The silence with the brick of self-control Are you locked up in a world
That's been planned out for you
Are you feeling like a social tool without a useScream at me until my ears bleed
I'm taking heed just for youYahAre you locked up in a world
That's been planned out for you
Are you feeling like a social tool without a useScream at me until my ears bleed
I'm taking heed just for you
