

# Hangin' Downtown

## Cameo

You're wishing on a star  
It's the only one that sits there  
next to the silvery moon  
I don't feel too optimistic  
but I know I'd trade the world  
for what I am wishing would come true  
I know you told me more than twice  
of the fate that I'd been dreading  
But if you walk right up to me tonite  
would you doubt that I'd be ready  
So I walk the city streets  
wishing you were here with me  
falling in love again  
(baby until then)  
I'll be hangin' downtown  
kind of waiting  
Maybe I'll try meditating  
I'll be hangin downtown  
kind of waiting  
yeah yeah, yeah yeah  
Been tied to lonesome roads  
making residence in two bit 4 wall domiciles  
Never time for what is needed  
so I grab a bite to eat  
then maybe grab a smile

So hard to give it up  
you know I tried so many times before  
any price of sacrifice  
to see you walkin thru the door  
girl I'm tryin to make you see  
I'd rather have you here with me  
fallin in love again  
(baby until them)  
I'll be hangin' downtown  
kind of waiting  
Maybe I'll try meditating  
I'll be hangin downtown  
kind of waiting

yeah yeah, yeah yeah  
Though I walk the city streets  
I'd rather have you here with me  
falling in love again  
(baby until then)  
I'll be hangin' downtown  
kind of waiting  
Maybe I'll try meditating  
I'll be hangin downtown  
kind of waiting  
yeah yeah, yeah yeah
