

Nothing Ever Changes

The Kooks

If it's me that's driving you to this madness
Then there's one thing that I'd like to say
Would you take a look at your life and your lovers
Nothing ever changes Ooh, it was just the first time
That I ever played for you
Oh, I could be the dancer of your dreams I can turn all your music on
I can make you feel alive
I am gone but I'm never gone from you
It was just the first time Come back, little boy
So baby come back, yeah, little boy Ooh, it's just me that lies waiting
Well, it could come from anywhere
Oh, it could come straight, straight from my heart
Nothing can be saved here I can turn all your music on
I can make you feel alive
I am gone but I'm never gone from you
It was just the first time Come back, little boy
So baby come back, yeah, little boy Come back, little boy
So baby come back, yeah, little boy Nothing ever changes, you know it doesn't
Nothing ever changes, ooh, you know it doesn't
Nothing ever changes, you know it doesn't
Nothing ever changes Come back, so baby, come back
Baby, come back, baby, come back
Come back, come back, come back Come back, baby, come back
So baby, come back, baby come back
Come back, come back, come back Come back, so baby, come back
Come back, come back, come back
Come back, come back Come back, baby, come back
