

# Hey Rich Boy

## Millionaires

hey girls, see that guy over there?  
think he's loaded?  
i don't know, but id like to find out  
hm i think we hit the jackpot  
so we walk in and all heads turn  
check us out just watch and learn  
your boys will look us up and down  
watch as their jaws hit the ground  
but your boys not the one for me  
this boy in fronts the one i see  
you can tell he's drippin' dollars  
so of course, i have to holler...

(chorus) 2x

hey hey rich boy look my way!  
hey hey rich boy make my day!  
hey hey boy you look so fly  
throw that money in the sky!  
if you want boys with cars and cash  
show them how you shake it fast  
and boys if you want girls like me  
flash that cash where we can see

you think i want that ice cold money  
well, hell ya, it's fucking yummy  
yeah i'm going straight to hell  
but here he comes, i have to yell..

(chorus) 2x

he's sweet and nice and six foot two  
with that black faux hawk and eyes of blue  
but its the green that lures me in  
and that car that takes me for a spin, so...
