A Burial

Eternal Summers

Kindle the firelight
World's getting colder
I'm right beside you
Stand right by your shoulder
Our deepest wishes
Yearning like kisses
Resounding louder
That we could never missHere we are, jumping off the brakes
Educated by the brave mistakes
A burial of what's been said and done
Answer to no one
Forever talking
To yourself baby
Speak your disorder
You'll be the one to save me
Our deepest wishes
Magnify blisses
Shining much brighter
That we could never missHere we are, jumping off the brakes
Educated by the brave mistakes
A burial of what's been said and done
Answer to no oneAre you very well?
We've come so far
To be strangers - here where we are
Are you very well?
Never changed our hearts - from the start!
Here we are, jumping off the brakes
Educated by the brave mistakes
A burial of what's been said and done
Answer to no one
