

If

The Broken Crowns

Times and dates aside
You'll always be the same to me
Cause when you finally opened up my eyes
To see the world as new
So every day I grin and say
Im glad I get to share it all with you

If the sky should fall
We'll patch it up like new
If the sea should rise
We'll borrow a canoe
If it all comes tumbling down
Even just us two
Well I'll smile, cause love
I built my world around you

Through lifes shaking doubts
The topsy turvy up and downs
They make you question what its all about
I hope you keep in mind
the more you give the more you get
I find thats how it happens all the time

If the sky should fall
We'll patch it up like new
If the sea should rise
We'll borrow a canoe
If it all comes tumbling down
Even just us two
Well I'll smile, cause love
I built my world round you

So if the wind should blow
I'll keep you from the cold
If the earth should quake
I'll be your hand to hold
If the whole world falls apart
I'll stick to you like glue
And we'll be fine, cause love

I built my world round you

Round you
