

Coming Home (Live at Whelans)

Gavin James

'cause I was never good at running away
'till you ran away nothing feels the same
see I was cut between the lighted shape
through the hours of darkness I found your name
I left my heart at the lowest places
lost all my graces in midnight flames
See I was never good at running away
'till you ran away, eh eh
When are you coming home?
I'm tired of missing you when you're gone
if distance makes our hearts grow
stronger we'll live longer,
but I'm dying to know when are you coming home
you coming hooooome?
Ooh hoooh ooh (x2)
see I was blinded by the neon lights
lost my eyes in the angels that sold me lies
empty promises and warning signs
left a light burning out like fireflies
no need to talk, baby it's alright
when the words are right
they keep you up at night
oohh oooooooooooh
When are you coming home
tired of missing you when you're gone
if distance makes our hearts grow stronger
we'll live longer
but I'm dying to know when are you coming home
when are you coming home
when are you coming home
Oh oh ohhhhh
so this is it
sing woahhhoh
woahhhoh ooohooahhh (x2)
see I was never good at running away
till you ran away (x2)
'till you ran away
