Beehive State

White Rabbits

Since you're the delegate from Kansas
Will you kindly take the floor?
Now tell us, what is Kansas thinkin'?
What is Kansas for?
Well Kansas is for the farmer
We stand behind the little man
We need a fire house in Topeka
So help us if you can
I see the gentleman from Utah
Our friendly Beehive State
How can we help you Utah?
How can we make you great?
We got to irrigate our deserts
We got to get some things to grow
We got to tell this country about Utah
'Cause nobody seems to know
