

Gaika, Chinmoku Ga Nemuru Koro

DIR EN GREY

These eyes opened up
And understood everything
Our battle what do you think
About this fist that shakes in anger? Ano kabe wo koero
The good and the bad have all been rooted into us
Hakai zetsubou shikisokuzekuu No turning back, a boon or a bane
Every night death opens its mouth
Tangles its tongue and comes for me
No turning back Salute the monkey
Salute the monkey
The desire to combine with God
Sex with a humanoid Nozomarenai? Ai demo nai?
Forever abandoned
Umareru koto no jiyuu ni
Utagai ushinau mono ga nai nara Our battle what do you think
About this fist that shakes in anger?
Ano kabe o koero Justice for dying
Atomodori ga deki nai no wa dare da?
Iiwake ga shi mashi i no wa mou unzari da
Daisha ni tsumiage ta niku to
Happou fusagari de kiduki ya garu Shikijou ha amai mitsu no kaori daro?
Garasu goshi ni kesshite me wo hanasa nai
Auschwitz wa chinmoku ni kuruu
Kisama tou ni kami wo kure te yaru Salute the monkey
Salute the monkey
The desire to combine with God
Sex with a humanoid Nozoma re nai? Ai de mo nai?
Umareru koto no jiyuu ni, utagai ushinau mono ga
Tomadou ma mo naku tada ukeru ireru genjitsu wa
Yume sae subete sabi saseru kara Solution and tomorrow
That's rubbish
Devil in a midnight mass
