

Cannonball (feat. X Ambassadors)

Skylar Grey

[Verse 1: Skylar Grey]

Well they can try to sink us, but I'll just swim
Because my will is stronger than a gale force wind
Let 'em down the gun, cause each time I fall
I'll be back around, right through your door[Chorus: X Ambassadors]

Here I come

Cannonball, cannonball

Here I come

Cannonball, cannonball, cannonball[Verse 2: Skylar Grey]

[?] like the torches when they scream my name
I'm going to left my [?] and [?]
Let 'em down the gun, cause each time I fall
I'll be back around, right through your door[Chorus: X Ambassadors]

Here I come

Cannonball, cannonball

Here I come

Cannonball, cannonball, cannonball[Bridge: Skylar Grey]

At the end of the day

When the air is still and the sky is grey

Who will be standing

I challenge you all

Everything comes to an end[Outro: X Ambassadors]

Here I come

Cannonball, cannonball

Here I come

Cannonball, cannonball

Here I come

Cannonball, cannonball

Here I come

Cannonball, cannonball, cannonballGive 'em hell - ?
