

She's Lost Total Control

[Ryan Adams](#)

So much for the days of glory
It's not like your idols died
And are holy now You cross the street and count to ten
And everyone that mattered went to bed
Or maybe they died Welcome home, Miss So Unknown
Bet you want it back, They all want it back
But you can't have it, you've lost total control The sun it lights the blades of grass
It's not like she knows the difference or cares
She's stupid and cold Somewhere in the waves of doubt
It's not like she swam awhile then faded out
She's stupid and calm Welcome home, Miss So Unknown
Do you want it back? Do you want it back?
Welcome home, Miss So Unknown
They all want it back, when they want it back But you can't have it, you've lost total control
But you can't have it, you've lost total control
But you can't have it, you've lost total control
But you can't have it, you've lost total control
But you can't have it, you've lost total control
But you can't have it, you've lost total control You've lost total control
You've lost total control
You've lost total control
