Metric

Ellen Allien Apparat

Did they tell you
Should grow up if you
Wanted to dreamDid they warn you
That you better shape up
If you wanted to succeedI don't know about you
Who are they talking to?
Because there not talking
To meI'm higher then high
Lower then deep
Keep doing it wrong
Singing alongDid I ask you for attention
When affection is what I needThinking Darrow was
Sorrow was prefection
I would wallow until you
Told me there Is no glitter In the gutter
There is no twilight GallexyI'm higher then high lower then
Deep keep doing it wrong just
Singing alongGo higher then high
Go lower then deep
Keep doing it wrong just singing alongI'm alright come
On baby
I've seen all the
Demons that
You've gotCome on baby your not
Alright I'll pick you up and
Take you
Anywhere you want
Anything you wantGo higher then high lower then
Deep keep doing it wrong just singing along .
