

Anchors Aweigh

[Audiostrobelight](#)

Drink caffeine to keep your heart beating
You're the saddest thing I've ever seen
I picked you out of my teeth and I've got damn good reason
Stale friends thrown out with eggs and bread
Bad friends go out with glory
Dead friends go out, just go out
Veins splitting bone, chest ringing with tone
I'll sing the song that'll take you home
You'll be alright alone
Just hear the sound, I hope you're proud
Beat yourself down from the inside out
You would be lost without me
Anchors aweigh, my friend
Anchors aweigh
But the ivory casing on the keys
They don't know why you have to leave
But they sing about it best
Another sad song just like the rest
Talk your way out of this one boy
Make no mistake, your every word has been wasted
Veins splitting bone, chest ringing with tone
I'll sing the song that'll take you home
You'll be alright alone
Just hear the sound, I hope you're proud
Beat yourself down from the inside out
You'll be alright without me
I haven't seen you in so long
It feels like I haven't seen the sun
You told me you'd be there, I guess that you lie
You're more than meets the eye, a whore in disguise
Why would I forgive you? Now exit stage right
I hope this is goodbye
Veins splitting bone, chest ringing with tone
I'll sing the song that'll take you home
You'll be alright alone
Just hear the sound, I hope you're proud
Beat yourself down from the inside out
You're better off without me
You're better off without me
Anchors aweigh, my friend
I never want to trace this back
And let the record show - I'm happy once again
