im out my shell you can leave the lights on and turn on a freaky song
and you can play it all night long (oh you can play it all night long)
oh you can play it all night long tell me what you want to do im in front of you tonight so lets do it all night long
face in the pillow
face in the pillow
ass up face down with my face in the pillow
my face my face... face in the pillow
can you talk nasty to me to give me what i want to feel how hard you really want me to and nah
i dont really do no kissing baby but this drink got me crazy for you now you go me naked i dont give no fucks
right now i want it rough its just to wild n i cant get enough
crazy position got my feet up n im confront n im G up im grapping the sheets biting the pillows
you can play it all night long
you can play it all night long
tell me what you want to do im right in front of you tonight
so lets do it all night long
face in the pillow
face in the pillow
ass up face down
with my face in the pillow
my face my face face in the pillow
what you want to do
