Say You Love Me

[Natalie Cole](#)

Say you love me
Say I'm the one your eyes see
Tell me you need me
Deep down inside like I need youYou see I need you to see me through
I wanna hear you say darling, "Darling, I love you"So say, say you love me
Say you love me, yeah, yeah,say you love me
Say, just say you love me
Say you love me, say you love meThrough the rain and through the cold
Together we will never grow old
Sometimes the going will get a little tough
And I must admit living with me can be roughBut I, I need you to see me through
I get off when you say, "Baby, baby, baby, I love you"Say, say, just say you love me
Wanna hear you say
Say, say, you love meOoh let me be, I wanna be your woman
Together we can make a stand, I know, I know
Let me take your trembling hand
Somewhere in God's country we'll settle on a piece of landBecause I need you to see me through
I just wanna hear you say, "Oh, baby, baby, baby I love you, I love you"Say, say you love me
Oh, just wanna hear you say, say, say
Say, say you love meSay, say, say
Say, say, say
