

# Can You Feel (The Supernatural)

## Salvador

Does it feel like life is like a picture show?  
Not quite real but pain and loss affect your soul  
Many times we're left without a place to go  
Nowhere to go Through it all I've learned  
About the way it ought to be  
I set my mind free  
Through the things I can see Can you feel the supernatural?  
Can you feel the way He wants to love  
In a life that's oh, so fragile  
Can you feel the supernatural? Look around and see the wonders of His hand  
There's a plan, there's no one here by circumstance  
And I believe that no one here is here by chance  
No one is here by chance And through it all I've learned  
About the way it ought to be  
I set my mind free  
Through the things I can see Oh, can you feel the supernatural?  
Can you feel the way He wants to love  
In a life that's oh, so fragile  
Can you feel the supernatural? And through it all I've learned  
About the way it ought to be  
I set my mind free  
Through the things I can see Can you feel the supernatural?  
Can you feel the way He wants to love  
In a life that's oh, so fragile  
Can you feel? Can you feel? Can you feel the supernatural?  
Can you feel the way He wants to love  
In a life that's oh, so fragile  
Can you feel supernatural? Supernatural, supernatural  
Can you feel the supernatural?
