

Leave It All Behind

STRFKR

I will never give you everything, everything
I will never give you everything, everything Would it matter
If I stayed
Would it matter
anyway I would love to give you everything, everything
I would love to give you everything, everything Would it matter
If I stayed
Would it matter
anyway Leave it all behind
Leave it all behind
Leave it all behind
Leave it all behind
Leave it all behind
Leave it all behind
Leave it all behind
Leave it all behind
Leave it all behind
Leave it all behind
