Lunatic Soul

Swallowed up in dreams
In an empty space
I'm being carried away
Into the lightIt's all hazy around
I'm filtering through the fog
Heading into
The heart of what lies beyond all timeI'm being taken along
A course I've been on before
I see nests of souls
FirefliesPassing slowly by
And rising up higher
Heading into
The heart of what lies beyond all timeI had a lonely life
In my safety zone
Somewhere on the edge of the world
I was searching for myself
Watching all the others' lives
Doing nothing with my own
All too soon the life was over
And in my sunset days
Without love
With no friends
I couldn't let you come and take my soul
So after all
The last thing that I saw
Were the waves crashing violently on the shoreThe darkness washed inside me
I crossed over to the other side
As my eyes adjusted to the dark
I could distinguish distant pallid lightSo I went in this direction
Trying not to lose my way
And when I achieved my goal
I saw the brightness
Clouds
And all those nice memories
All those nice memories
But this special one
I'd left
Behind in the shade
In my darkest fear

And if I don't go back
I'll never find myself
