Outsider

The Daylights

Lalalalalalalalalala
Lalalalalalalalalalala
Standing on the edge of the begining and the end
Ohh so this is what it feels like
87th floor of a high rise in New York
Ohh there's something new this timeAnd I know since I was young
And I feel it in my bones
And this is how it's always meant to goRight here above the street
Watching the city span beneath
I couldn't help but feel like an outsider
Lifting up off the ground
Seeing for the first time now
This is where I became an outsiderI couldn't help but stare when I caught them standing there
Ohh I could see it in their eyes, yea I saw it in their eyes
And I can hear the song it's been playing all along
Can you hear the singingAnd I know since I was young
And I feel it in my bones
This is how it's always meant to goRight her above the street
Feeling the city span beneath
I couldn't help but feel like an outsider
Lifting up off the ground
Seeing for the first time now
This is where I became an outsiderOhh singing it yeaThis is how it's always meant to goRight here above the street
Watching the city span beneath
I couldn't help but feel like an outsider
Lifting up off the ground
Seeing for the first time now
This is where I became an outsider
Lalalalalalalalala
Lalalalalalalalala
Lalalalalalalalala
Lalalalalalalalala
