## Timbaland

Pum, pum, pum, pum, pum, pum, pum, pum  
Oowhoa, ahh  
Yeah  
Mere zindagi tere ho gaye  
Mere jaan  
Mere jaan, come on  
Ooo  
Yeh deewaneghee  
Huh?  
Na roke kabhi  
Mere jaan, mere jaan  
Yeah  
Mere zindagi teri ho gaye  
Bring it back  
Yeh deewaneghee na roke kabhi  
Bring it back  
Mere zindagi teri ho gaye  
Bring it back  
Yeh deewaneghee na roke kabhi  
Break it down  
Madhosh hairan dil main baat kiya?  
Say what?  
Ah, ha, ha, ha  
Puchonaa  
Ah, ha, ha, ha  
Puchonaa  
Haah  
Madhosh hairan dil main baat kiya?  
Ah, ha, ha, ha  
Puchonaa  
Ah, ha, ha, ha  
Fricky, fricky, dum  
Aja tu aja mere saamne, tu aja jaan  
Haah  
Kitna tarsaoge? Kitna bolaoge mujhe tum?  
Haah  
Aja tu aja mere saamne, tu aja jaan  
O  
Kitna tarsaoge? Kitna bolaoge mujhe tum?

Fricky, fricky, ahh  
Owwhoo  
There ain't no way in the world I'm gonna leave you, baby  
Owwhoo  
Your my tresor and I got the key to ya, baby  
Owwhoo  
Let's ride on my Titanic, baby  
(If you know what I mean)  
Owwhoo

Being in love goes down as one of the greatest  
Owwhoo  
There's no me without you  
(You)

Owwhoo  
Baby, girl, you make my dream come true  
Sing it to me  
Tu hain, tu hain, hum yahan hain  
Aao chale, is jahan se  
Aao mile, sazah mile  
Ab hum aur tum, ek ho jaye  
Hey, hey, hey, hey  
Pa, pum, pum, pa, pa, ra  
Put it up, yo  
Give it to me, hey  
Put it up, yo  
Give it to me, come on  
Put it up, yo  
Give it to me, hey  
Put it up, yo  
Give it to me, hey  
Put it up, yo  
Break it down now  
Ah, ah, ah, ah  
Owwhoa, owwhoa  
I like that, uh  
Ahhwooahha

Owwhooa, owwhooa  
I like that, uh  
Owwhooa, owwhooa  
Fricky, fricky, break, owwh  
Pum, pum, pum, pum, pa, rum  
Digga, doh, doh, doh, digga, doh  
Doh  
Digga, doh, digga, doh, digga, doh  
Doh  
Digga, doh, digga, doh, digga, doh  
Doh  
Digga, doh, digga, doh, digga, doh  
Haah  
Digga, doh, digga, doh, digga, doh  
Digga, doh, digga, doh, digga, doh  
Beebay  
Digga, doh, digga, doh, digga, doh  
Digga, doh, digga, doh, digga, doh  
Beebay  
Rooah
