

Knock Me Out

Afgan

I wanna love you girl
T'lah kutemukan sebuah cinta yang kunantikan
Ternyata engkau yang s'lalu ku tunggu
Hiasi hatiku
Baby you knock me out
(Tak bisa ku jelaskan)
Betapa indah sanubarimu
(Sungguh luar biasa)
Untuk diriku
Kau mengubah hidupku
Kembalikan rinduku
Baby you knock me out
Could this be that real love I've been missing
Before I've met you
You're out of this world, my kind of girl
You knock me out baby
You knock me out, you knock me out
Kau membasuhku dengan cintamu
Hilangkan s'gala luka yang dulu
Inilah janjiku takkan ku lepaskanmu
Baby you knock me out
(Tak bisa ku jelaskan)
Betapa indah sanubarimu
(Sungguh luar biasa)
Untuk diriku
Kau mengubah hidupku (hidupku)
Kembalikan rinduku (rinduku)
Baby you knock me out, baby
Could this be that real love I've been missing
Before I've met you (oh baby)
You're out of this world, my kind of girl
You knock me out baby
Apa kau merasakan sepertiku
Tak bisa ku melawan
Rasa cinta yang sesungguhnya
Kepadamu
Hanya kamu
You knock me out, going crazy
You're out of this world

Could this be that real love I've been missing.
(Before I've met you)
Before I've met you
Let me tell you baby
You're out of this world my kind of girl
You knock me out, Oh baby
Could this be the real love I've been feeling
(When I'm with you)
When I'm with you
You're out of this world my kind of girl
You knock me out baby
you knock me out, you knock me out
