

Without a Second Glance

We Should Whisper!

You've got me where you want me
You've got me fucking hooked
You've got me so addicted
I can't take a second look
And though I'm sounding crazy
I think it's worth a chance
I never thought I'd fall in love without a second glance
Without a second glance
Love without a second glance
Without a second glance
Love without a second glance
Without a second glance
Love without a second glance
I never thought I'd fall in love without a second glance Oh, I met so many girls but none of them like you
They don't do the things you do
That's why I'm in love with you
And I traveled round the world but no matter where I go
It's like they already know
That I'm stuck onto you So tell me girl where you want to go
Be L.A. or maybe Rome
I'll take you outta your comfort zone
It'll be me and you alone
Tell me what you really want to do
Anything you want I'll do for you
So pack your bags and get your shoes
You've got nothing to lose You've got me where you want me
You've got me fucking hooked
You've got me so addicted
I can't take a second look
And though I'm sounding crazy
I think it's worth a chance
I never thought I'd fall in love without a second glance
Without a second glance
Love without a second glance
Without a second glance
Love without a second glance
Without a second glance
Love without a second glance
I never thought I'd fall in love without a second glance But I'm struggling to say everything that I want

Is it wrong of me to say
I want you
Inconsistency with words
Mixing up all my verbs
Same old shit that you've heard
I want you So tell me girl where you want to go
Be L.A. or maybe Rome
I'll take you outta your comfort zone
It'll be me and you alone
Tell me what you really want to do
Anything you want I'll do for you
So pack your bags and get your shoes
You've got nothing to lose You've got me where you want me
You've got me fucking hooked
You've got me so addicted
I can't take a second look
And though I'm sounding crazy
I think it's worth a chance
I never thought I'd fall in love without a second glance
Without a second glance
Love without a second glance
Without a second glance
Love without a second glance
Without a second glance
Love without a second glance
I never thought I'd fall in love without a second glance You've got me where you want me
You've got me fucking hooked
You've got me so addicted
I can't take a second look
And though I'm sounding crazy
I think it's worth a chance
I never thought I'd fall in love without a second glance You've got me where you want me
You've got me fucking hooked
You've got me so addicted
I can't take a second look
And though I'm sounding crazy
I think it's worth a chance
I never thought I'd fall in love without a second glance
Without a second glance
Love without a second glance
Without a second glance
Love without a second glance
Without a second glance
Love without a second glance
I never thought I'd fall in love without a second glance
