

# Hopesick

## Louis XIV

I need sleep  
I need love  
I need fun  
I need girlsI need sun  
I need hope  
I need help  
I need dopeI need her  
I need it  
I cant run  
I cant sitI got pain  
I got pain  
I got painHopesick  
Hopesick  
Hopesick  
HopesickA heart flutter  
And I shutter  
A hand shake  
A heart breakI love her  
She loves me  
But in my mind  
But only in my mindHopesick  
(If it was so hard to hope)  
Hopesick  
(How come I cant let you go?)  
Hopesick  
HopesickI need wheels  
I need touch  
On my toes  
On my heelsOn my lips  
On my head  
On the street  
I need stuffI need a heart  
I need a break  
My skin aches  
What does it take?  
I need me I need meIts like Im hanging from a rope  
From a string  
From a needle  
From a thread

In my head Hope, hope, hope, hope Hopesick  
(If it was so hard to hope)  
(How come I can't let you go?)  
Hopesick  
Hopesick If it was so hard to hope  
How come I can't let you go? If it was so hard to hope  
How come I can't let you go? A heart flutter  
I shudder  
A hand shake  
A heart break Hopesick  
Hopesick  
Hopesick  
Hopesick It's like I'm hanging  
(Hopesick, hopesick)  
From a rope  
(Hopesick, hopesick)  
From a string Hopesick  
Hopesick  
Hopesick
