

# Loyalty

## Trina

Loyalty

It's the code of the streets

The words we live by and die by

You know, the way we survive this life out here

It's no other way

The only way

Is to be loyal till the end

Loyalty

The code of the street

The word I live by & die by ain't nothin' sweet

Rap star goes Hollywood from the street

And the only word that I know is loyalty

See I know the difference, separate the bullshit from the business

Feel me? listen

I am past driven

Nothin' was given

I can't remember of days I had livin'

Trust nobody keep your enemies close

Where your friends when you need them? when you need them the most?

Most times that you need them most of them are ghost

Even though they unloyal ,still give them a toast

Trust nobody keep your enemies close

Who know your dark secrets what you doin the most?

You know that hot shit ?? bout to promote like rappers talking bout guns & don't even tote

Yea[Chorus: X2]

L.O.Y.A.L.T.Y

Loyalty

Loyal till the day I die

That's the code of the streets

That's the way I ride & I'ma ride like thatSome friends got the best of me,

Shitted on me along the way

But I wonder was it all for the destiny?

Now there's a difference see?

You ain't gotta rob a man, or take nothin'

You can use your own energy

See I depend on me

Bless the child with its own

Grab my own glass say bless & you hold it into me

See ain't no killin' me

I know you feelin' me

I blast the speakers with the truth

Hear the chemistry Trust nobody, keep your enemies close

Where your friends when you need them? when you need them the most?

Most times that you need them most of them are ghost

Even though they unloyal, still give them a toast

Trust nobody keep your enemies close

Who know your dark secrets? what you're doin the most?

You know that hot shit ?? bout to promote like rappers talking bout guns & don't even tote[Chorus: X2]

L.O.Y.A.L.T.Y

Loyalty

Loyal till the day I die

That's the code of the streets

That's the way I ride & I'ma ride like that

[X2:]

He say, She say, Tell somebody

Can you keep a secret? don't tell nobody

It's your loyalty, pill, will you switch for money?

When your shit hit the fame will you think its funny? Trust nobody keep your enemies close

Where your friends when you need them

When you need them the most?

Most times that you need them most of them are ghost

Even doe they unloyal still give them a toast

Trust nobody keep your enemies close

Who know your dark secrets what you doin the most?

U know that hot shit ?? bout 2 promote like rappers talking bout guns & don't even tote[Chorus: X2]

L.O.Y.A.L.T.Y

Loyalty

Loyal till the day I die

That's the code of the streets

That's the way I ride & I'ma ride like that
