Between The Bars

Madeleine Peyroux

Drink up baby stay up all night
Things you could do you won't but you might
The potential you'll be you'll never see
Promises you'll only make
Drink up with me now and forget all about
Pressure of days do what I say
And I'll make you okay and drive them away
Images stuck in your head
People you've been before
That you don't want around anymore
That push and shove won't bend to your will
I'll keep them still
Drink up baby look at the stars
And I'll kiss you again between the bars
Where I'm seeing you there hands in the air
Waiting to finally be caught
Drink up one more time and I'll make you mine
And keep you apart deep in my heart
Separate from the rest where I like you the best
Keep the things you forgot
People you've been before
That you don't want around anymore
That push, shove won't bend to your will
I'll keep them still
