

Won't You Let Me Love You

Walter Beasley

Wouldn't you like tonight for me to take you home?
Tell me it's true that you don't wanna be alone...no
Lately I find my mind's been working overtime,
scheming and dreamin of ways just to make you mine.

I recall the first time we met, I bet, you remember still.
After the dance we kissed oh baby caught a thrill, for real.
You went on home alone in your father's car.
I want your love with me no matter where you are.

Don't you know that anyone can see
you were meant for me,
so I ask you please,
won't you let me love you?

Hear me when I say,
we can make a way,
starting with today,
won't you let me love you?

Holding you now it's how I knew it had to be,
just let me stay this was for all eternity.

Oh baby!
Oh never you mind the time
just close your eyes and feel.
Ohhhhhâ€¦â€¦â€¦â€¦.

I want your love with me cause it's truly real.
I just wanna play my horn for youuuhooooooâ€¦â€¦â€¦

Whoaaaâ€¦â€¦â€¦â€¦â€¦â€¦
any one can see,
you were meant for me,
so I ask you please baby
won't you let me love you, you youâ€¦â€¦â€¦â€¦
Hear me when I say,
we can make a way,
starting with today,
won't you let me love you, you, youâ€¦â€¦â€¦..

(anyone can see)

Anyone can see.
you were meant for me.
so I ask you please,
won't you let me loooooooove you?

(Anyone...)
Anyone can see.
you were meant for me.
so I ask you please,
won't you let me loooooooove you?
Baby, baby, babyyy.
