

# Sacrifice

## Motorhead

Why do they not believe?  
I have not lied, even for this  
Now no one can conceive  
The lie becomes the loving kissBut I would not  
Fall in love like this  
I would not  
Fall in love like thisThe woman stitches the shrouds  
The children murder all the world  
If only you believe  
Then only you will dieHow can you not  
See the stars in your eyes?  
How can you not  
See the stars in your eyes?Sacrifice, sacrifice, sacrifice, sacrifice  
Sacrifice, pay the price, blood like ice, sacrificeThe pain is on you now  
Do not consider flight for gain  
In you the poison breeds  
Crawling with the mark of CainAnd no one shall  
Set you free again  
And no one shall  
Set you free againSacrifice, sacrifice, sacrifice, sacrifice  
Sacrifice, sacrifice, sacrifice, sacrifice
