

# You're Gonna Get It

## Sharon Jones and the Dap-Kings

some love makes you helpless  
some love makes you strong  
and some makes you do right  
and some makes you do wrong believe me when i tell you  
I got the kind of love  
thats gonna make you higher baby  
than what you're dreaming of and I'm gonna give it to you  
aww baby  
(my love)  
and I'm gonna give it to you  
aww baby  
(my love)  
I'm gonna give it you you  
aww baby  
(my love)  
You're gonna get it Now I'm no professor baby  
but I know a few things  
Ya see, A rooster needs a sunrise  
before he rises up and sings A fish without no water  
is a fish that cannot swim  
and if you want a man to be his best friend  
you gotta give him, give your love to him and I'm gonna give it to you  
ooh baby  
(my love)  
I'm gonna give it to you  
ooh baby  
(my love)  
I'm gonna give it to you  
ooh baby  
(my love)  
You're gonna get it (Interlude) Some love makes you helpless  
some love makes you strong  
and some love makes you do right  
and some love makes you do wrong if you want to know what love can do  
open up your arms and you won't regret it  
I got a mighty kind of love in store  
you're gonna get it i'm gonna give it to you  
aww baby  
(my love)

i'm gonna give it to you  
aww darlin  
(my love)  
I'm gonna give it to you  
aww baby  
(my love)  
You're gonna get it
