Communicate

The Dunwells

It's been a long time,
since I left you there
I still feel the cold hands in mine
and there were good times we will leave them therecourse the warmth of these hands of mine
I said let don't go
I said let don't goWe were always on the run
we waited for this moment just communicate
We took this all for granted
should we leave this where we walked
..just communicatenow there were good times,
we just left them there
would have felt your hand slip from mineIt's been a long time coming
should we leave it there
or prove that we could fightwe were always on the run
we waited for this moment
just communicatewe took this all for granted
should we leave it where we walked
please communicateI said let don't go
I said let don't go
I said let don't goWe were always on the run
we waited for this moment
just communicate
We took this all for granted
should we leave this where we walked
..please communicateWe were always on the run
we waited for this moment it will be okayWe took this all for grantet
should we leave this where we walked
..please communicate..please communicateI should let you go, you should let me nowI should let you go, you
should let me nowI should let you go, you should let me now
