

# Love Changes (Instrumental)

Kashif

You stayed awake half the night  
Love just  
Put you through changes  
Tell me why, tell me why, tell me why  
It must be love that's on your mind  
You doin' things, you wouldn't before  
but you wanna know that Love will make you oh so happy  
Inside-i-i-ide  
Can't control it but it takes you over  
Love will make you oh so sad  
Make you cry-y-y-y  
Changes  
Love changes, Love changes  
That's what love puts you through  
Love changes, Love changes  
Changes  
That's what love makes one do  
Love changes Wonderin' if it's real this time  
Just not another half-goodbye  
You walk around starry eyed  
Can't believe that love would hurt again  
Hurt again  
I can't believe that this love will Love will make you oh so happy  
Inside  
Can't control it but it just takes you over  
Love will make you oh so sad  
Make you cry  
Changes  
Love changes, Love changes  
That's what love make one do (do)
